Brand Overview

About the brand **Shiōrra**TM

- In Japan, long life isn't chased, it's quietly cultivated through mindful rituals, balanced nourishment, and a deep respect for the body's natural rhythm. From everyday habits to time tested practices, their approach reflects consistency, simplicity, and intention. The name Shiorra is inspired by "Shiori," meaning a guide, reflecting our role as a trusted companion in your journey toward the right nutrition and overall wellbeing. We aspire to be your torchbearer, illuminating a path to lasting vitality, inner balance, and a life lived well every single day.
- At the heart of Shiorra lies a commitment to purity and progress. We use clean, real ingredients with no preservatives, brought together through advanced, innovative formulations that set us apart. Thoughtfully created for every stage of life, from infants to the elderly, our solutions are designed to be inclusive, effective, and aligned with the body's natural needs, supporting a healthier, more balanced way of living.
- Founded by Dr. Shivangi Patel (PhD Tech in Pharmacology) and Ishita Patel (MDes, NIFT Mumbai), the brand began when Ishita faced health challenges and hardly found products that solved the root cause and had clean ingredients. This led the both on a mission to find a meaningful solution, and thus, the foundation of Shiorra was laid.
- Shiorra, a trademark of K.C. Laboratories, is more than a brand. It is a commitment to making wellness simpler, more effective, precision driven and truly meaningful.

Mission

At Shiorra, our mission is to develop science-backed, innovative and user-centric wellness solutions that address real life health needs and solves the root cause.

We aim to bridge the gap between clinical research and everyday wellbeing by creating safe, effective, and meaningful formulations for men, women, children, pregnant women and aged people. We are committed to identifying the overlooked health needs and create gentle scientific evidence backed solutions, supporting better well being with care and clarity.

Vision

To redefine healthcare by creating a world where wellness is holistic, accessible, and thoughtfully designed for every stage of life.

To become a trusted guide in holistic wellness, empowering individuals to achieve balance, health, and vitality through thoughtful innovation.

Logo

02

Primary logo

The logo is a clean, lowercase wordmark built using a rounded geometric sans-serif type style with consistent stroke thickness. The letterforms feature soft terminals and circular construction, creating a smooth, continuous visual flow, with the “o” accented by a Japanese-inspired tilde mark above it, suggesting flow, continuity, and gentle guidance.

shiöräTM

Logo Variation

The Shiorra logo performs best when contrast is clean, calm, and highly legible. Use the sea green wordmark on white backgrounds as the primary application, and reverse to a white logo on sea green or dark grey backgrounds for stronger visual impact. A full dark grey logo may be used on light or neutral surfaces where a softer, more refined presence is required.

Logo Safe Zone

To protect its visibility and impact, the logo must always be surrounded by clear space. This exclusion zone should be equal to 1/4th height of the logo on all sides. No text, images, or graphic elements should enter this area. Maintaining this buffer ensures that the logo is never crowded and always remains legible and prominent.

Logo Scalability

To ensure legibility and impact, never display the Primary Logo smaller than 70 px width on screen or 20 mm in print. The monogram-only version must never go below 25 px (digital) or 8 mm (print).

Respecting these minimum sizes guarantees the logo remains sharp, recognizable, and authoritative across all mediums.
